PROFESSIONAL OBJECTIVE

Dedicated and motivated cybersecurity student seeking an entry-level role as a Penetration Tester or Cybersecurity Analyst. Strong foundation in ethical hacking, vulnerability assessment, network security, and security tool development. Eager to identify system vulnerabilities and help organizations strengthen their cyber defences against real-world threats.

TECHNICAL SKILLS

- Programming & Scripting: Python, Bash, PowerShell
- Security Domains: Penetration Testing, Vulnerability Assessment, Ethical Hacking, Network Security, Malware Analysis (basic)
- Security Tools: Nmap, Metasploit, Burp Suite, Wireshark
- Operating Systems: Linux (Kali), Windows
- Soft Skills: Problem Solving, Communication, Team Collaboration

EDUCATION

- **Bachelor of Computer Applications (BCA)**
(Bangalore University)
Add-on: Ethical Hacking and Cybersecurity
IZEE BUSINESS SCHOOL, Bengaluru
2022 – 2025
- **Higher Secondary – Science**
SIR SYED HIGHER SECONDARY SCHOOL, Kerala
2018-2020

PROJECTS

- AI-Powered DLP Tool (Python)
- Developed a full-featured modular DLP tool for Windows integrating AI-based file classification using ML models.
- Focused on improving data security and preventing unauthorized data exposure
- Monitored and flagged potential data leaks across file system activities, network traffic, and USB devices
- Integrated real-time packet sniffing and detection logic for cloud synchronization activities

CERTIFICATIONS

- Cyber Threats and Ethical Hacking – AISECT, Bangalore

ADDITIONAL INFORMATION

- **Language-** English, Malayalam.
- Interested in cybersecurity research, penetration testing labs, and practical security tools
- Enjoys games and travelling
